I have drawn in Ward - Marshall property here - according to Conveyance # 32482/63 - have outlined it in red.

The above mentioned conveyance was "for the purpose of vesting described lands in the grantees in order to prevent severence - to describe the said lands as one parcel"

You will note the 268' frontage of G. Jones has been reduced to about 130' as a result of the above drawing

Is this correct?

also - the property fronting on #7 Hwy belonging to Ward (appx. 123 x 199) is described in Conv. # 29116 as being ¼ ac - it seems a good ½ acre to me.
